Conditional sentences type 3

If I hadn’t talked so much, I would have noticed...

If they hadn’t turned off their phones, the others could have helped me.

I would have missed these cool stories if I had stayed with the others!

Rule:

\[
\begin{align*}
\text{If-clause} & \quad \text{Main-clause} \\
\text{past perfect simple} & \quad \text{would(n’t) / could(n’t) have + past participle} \\
\text{had + past participle} &
\end{align*}
\]

Remember the following: KEIN ‘would’ im If-Satz! → “If und would = nix gut!”
